

**Erasmus Intensive Programm \* PDC-NEU \* “Permaculture Design Course – The City of the Future” September 5th , 2013**
**Thursday, 13.09.05. Fire Station – Neusiedl am See**

---

**PHASE 0 INTRODUCTION PRESENTATION**

09:00 (1) **Opening of the workshop**

(2) **Where do we come from ... ? What are we doing ... ?**

Become acquainted with the participants. Talking in changing groups: Countries, Institutions - Languages, Teaching stuff, students, stakeholders, cooperations, etc. Dissimilarities and common ground

9:30 (3) **Introduction: IP PDC-NEU “Permaculture Design Course-Neusiedl am See – The city of the Future”** Introduction, Erasmus – IP Project

(4) **Future Search Conference / workshop ?**

Functioning and process of the works shop. Details about the procedure Organisational aspects. Working in *homogeneous and mixed groups*

**PHASE 1: SEARCHING FOR COMMON GROUND**

10:00 (5.1) **Our personal relationship to the topic.** Talk about your experiences and case studies / projects. Presenting various subjects from the participants (*Mixed groups* – countries, institutions - languages, stakeholders)

10:30 Tee- and coffeebreak

**PHASE 2 / A: EXTERNAL TRENDS**

**Which external trends may have consequences to our work? Which problems do you recognize in relation to sustainable development ?**

11:00 (6.1) Working in *homogeneous groups* (Countries, universities). Take a short glance to your publications and/or subjects relating to the city of the future.

11:45 Lunch

13:30 (6.2) **Elaborating a MIND-MAP in the plenum.**

**PHASE 2 / B: DESIRABLE TRENDS**

15:00 (6.3) **Selection of trends – diagnosis** *Plenum*: Selecting five trends (Disposing dots)

15.30 (6.4) Working in *homogeneous groups* – Flipchart: Our responses for desirable trends

16:00 *Plenary and discussion* session: Results of present issues

16.30 Coffee break

**PHASE 4: FUTURE SCENARIOS**

16.45 (8) **Scenarios about an ideal future**

In *mixed groups* identify desired/preferred scenarios for the year 2020 and prepare a creative production of your vision to the plenum. This phase calls for developing scenarios about an ideal future for Neusiedl am See (Integrated land utilisation, solidarity economy, ecological gardening, public transport, alternative energy systems, edible landscape, etc.)

**FUTURE SEARCH WORKSCHOP - THE CITY OF THE FUTURE**

- 17.15 **First ideas** – Within *mixed groups* we will work out similarities and differences of the **Plans for action** future scenarios and try to generate first concepts for realisation.
- 17.45 **Presentation of Future Scenarios** – *Plenary* session  
5 groups á 8´ minutes

**PHASE 5: FORMULATION STRATEGIES**

A list of strategies that the group endorses. Specifying measures and methods for elaborating a strategy model about ´sustainable development measures in Neusiedl am See, which creates awareness for responsible regional development in relation to sustainable land use and ecological design.

- 18:15 (9) **Part 1 - Formulation of projects and measures.** Elaborate goals and objectives and find examples for realizing your ideas. *Mixed group work*
- 18:45 **Presentation**  
(10) **Part 2 –, Presentation and discussion** Group reports

**PHASE 6: PLANS FOR ACTION**

- 19:15 Action plan

Titel of the project - Project Goals and objectives				
Working group / additional project partners				
What	Who	with whom	till the end of	till
			the IP workshop	End of the year 2013

(11) **Clarifying open questions for the Intensive program.** Agreements implementation plans – *mixed group work*

Ca.19:45 **Finish**

20:00 **DINNER** – Rathausstüberl
